

Josué Enrique Luna Palafox

Computer Systems Engineer

Summary of knowledge

Languages & Technologies	Libraries & Frameworks	Software & Tools
<ul style="list-style-type: none">◦ Java◦ HTML, CSS◦ Javascript◦ SQL	<ul style="list-style-type: none">◦ Spring Boot◦ React JS◦ NodeJS	<ul style="list-style-type: none">◦ Jira, Confluence & Bitbucket◦ VS Code & IntelliJ IDEA◦ Git / Github / Bitbucket◦ Postman & insomnia◦ Docker

Experience

Enterprise: **TechMahindra Mexico Cloud Services** | Sep 2021 - Present day

Mid Software Engineer

- Jun 2024 - Present day
 - Same client and same responsibilities from previous position (Associate Software Engineer).
 - Worked on Frontend services (micro-frontends), using React & NodeJS to develop basic new features like new API calls or bug fixing.
 - Help provided with required documentation and security scans for each release deployment.
 - Being proactive to help other team members, QA, Devs, other teams, etc...
 - Give onboard meetings to new developers and explain technical processes details from microservices.

Associate Software Engineer

- Mar 2022 - May 2024
 - Worked on a assigned bank client project.
 - Worked as Backend entry level developer. Using Java & Spring Boot to develop new features and also fixing bugs in already existing Microservices.
 - Creating of unit tests using libraries like JUnit and Mockito.
 - Usage of technologies like Redis to implement better authentication security on API Calls.
 - Fixing priority bugs and give support during production releases deployments.

Software Developer Intern

- Sep 2021 - Feb 2022
 - Worked on a Internal project to automatize a manual process for employees CV creation.
 - Developed REST API & bussines logic in Backend side using Java & Spring Boot framework with a Microservices architecture.
 - Creation of documentation for the above mentioned project.

School: **Technological Institute of Ciudad Guzman** | 2017 - 2022

- Completion of Computer Systems Engineering.

Recognitions & Participations

- Best grade point average of university generation
- VMEdU - Scrum Fundamentals certified
- National programming contest **Coding Cup TecNM 2020** and **2019**
- Google **Hashcode** 2019
- XIX State **prototype** contest DGETI 2017
- AEM - DGETI **Space Bootcamp** north zone 2016
